Remarks

Claim Objections

The Examiner has objected to claims 1, 4, 19, 21, and 25. The cancellation of claims 1, 4, 21, and 25 from pendency in this application renders the Examiner's objections to these claims moot. Accordingly, the Applicant respectfully requests withdrawal of the objections to claims 1, 4, 21, and 25.

With respect to claim 19, the Applicant respectfully requests consideration of the following explanation in support of the traversal of the objections to claim 19. With respect to the first objection to claim 19 involving the term "ticket data" in claim 17 and claim 19, these are intended to refer to the same thing. Claim 17 recites that the "network enabled device" is "arranged to send ticket data to the network". Claim 18 further recites that "the server includes a configuration to generate" this "ticket data" that
